

Science

Site Name	Brief Description	Link	Grade Levels	Additional Notes/ Helpful Hints
Scistarter	"Citizen science is collaborative research done by everyday people, anytime, anywhere, to help answer questions scientists can't answer alone." Alternative to traditional learning methods - families can participate at home by finding a project to work on in their local area or remotely.	https://scistarter.org/	Grades 1-12	
PhET Physics & Math Simulator site	This fantastic web site is for students to play with and create simulations to reinforce their learning about friction, density, velocity, angles and lots of other things. Check it out!	https://phet.colorado.edu/	Grades 3-12	
Science Bob	A variety of science experiments that can be done at home.	https://sciencebob.com/category/experiments/	Grades 4-8	
Science News for Kids	Library of articles for students to read about science related current events. There is the option to search by topic. There are also featured articles and videos on the homepage.	https://www.sciencenewsforstudents.org/	Grades 8-12	
Zooniverse	"The Zooniverse enables everyone to take part in real cutting edge research in many fields across the sciences, humanities, and more. The Zooniverse creates opportunities for you to unlock answers and contribute to real discoveries."	https://www.zooniverse.org/	Grades 9-12	
Steve Spangler Science	Check out the experiment library to do experiments about air, chemistry, magnetism, and so much more! There's even videos to get you started.	https://www.stevespanglerscience.com/lab/experiments/	Grades K-12	
BrainPop & BrainPop Jr.	Variety of videos available for parents to introduce science concepts to students including Earth's systems/space, genetics, weather, scientific inquiry, etc.	https://www.brainpop.com/science/	Grades K-12	
Science Buddies	Parents can browse by subject or grade level to find science projects. There are over 1,200 science projects in 32 different areas of science from astronomy to zoology to choose from.	https://www.sciencebuddies.org/	Grades K-12	
Smithsonian Kids - Science Education Center	The game center offers fun activities for students to explore topics like nutrition, disasters, aquatics, etc.	https://ssec.si.edu/game-center	Grades K-12	
Sheppard Software	Hundreds of free, online, learning games for kids. But anyone interested in online learning can use our site - we have so many subjects - (geography, math, animals, science, language arts, creative activities, health) and lots of levels for all abilities - loads of games and activities for learners of any age.	http://www.sheppardsoftware.com/	Grades K-12+	Even has a section for Adults to learn things
National Geographic Kids	"Find amazing facts about animals, science, history and geography, along with fun competitions, games and more." Enjoy science experiments, animal watch cameras, and other related activities!	https://kids.nationalgeographic.com/	Grades K-5	Free to use
Science Fun for Everyone	Science experiments you can do at home, jokes, and even trivia - all in the kidzone!	http://www.sciencefun.org/kidszone/experiments/	Grades PK-8	
Tesla Science Center	Tesla Science Center is offering free podcasts on Nikola Tesla, science, etc. There is also a "STEAM Camp" virtual program every Saturday through April 11th	https://teslasciencecenter.org/	Podcasts: All Grades, STEAM Camp: 1 - 6	Podcasts are free; STEAM camp is limited to 100 students per class, must RSVP - free for people with i-kids paid membership, \$10 for Tesla Science Center members, \$20/device for non-members

Math

Site Name	Brief Description	Link	Grade Levels	Additional Notes/ Helpful Hints
Manga High	Manga High offers free and subscription packages to classroom and homeschool teachers. The free website allows students to play basic games to reinforce math skills and compete against the computer or others. The subscription version gives teachers the opportunity to track students' progress and determine if there are any gaps in their basic skills.	https://www.mangahigh.com/en-us/	7-16 yo	British site, so some spelling may differ
Prodigy	Who knew math could be so fun? Children get personalized math content based on their strengths and weaknesses. Children have to solve math challenges to progress in the game.	www.prodigygame.com/	Grades 1 - 8	
MathPlayground	"Play with Numbers and Give Your Brain a Workout" is the motto of Math Playground. Assign students games to play related to logic, number skills practice, geometry, algebra, probability, fractions and more. There are also math word problems and video instructions to help students remember how to solve them. Does your school use Singapore Math? Math Playground has a section dedicated to it	www.mathplayground.com	Grades 1-6	
Rubik's Cube	Every wondered what the algorithm is for solving a Rubik's Cube? Here you will find solution guides for different Rubik's Cube puzzles.	https://www.rubiks.com/en-us/solve-it	Grades 3-12+	
Multiplication.com	From the Multiplication Grand Prix to the Knight and the Princess, students can practice their basic math skills in a fun and engaging way on this math site for kids. There are additional resources available on the website for parents and teachers who want to help reinforce and teach skills.	https://www.multiplication.com/	Grades 3-8	
Desmos Graphing Calculator	This site is great for parents following up on their child's middle school or high school math lessons. Do the students really understand how equations and functions are related to their visual model (graphs)?	http://desmos.com/calculator	Grades 5-12	Appropriate for ordered pairs, line graphs (linear functions), curved functions, etc.
LearnZillion	Find lessons that complement what you are studying in the classroom based on the Common Core State Standards.	www.learnzillion.com	Grades 6-8	
Mathletics	The goal is to help students practice mathematics skills as well as build fluency through activities and other games.	https://parent.3plearning.com/s/product-pricing	Grades K - 12	
Hooda Math	Logic and reasoning, math fact practice and more make up the free educational games at Hooda Math. There are quite a few games that call for higher order thinking and ask students to problem solve to complete the activities. These challenges help to sharpen students' math skills through an engaging online activity.	http://www.hoodamath.com/	Grades K-12	
IXL	IXL web site is for both Math and ELA skills reinforcement. Parents can easily use this to check in on how their children are doing with basic facts at grade level.	https://www.ixl.com/	Grades K-12	Flash cards, simple questioning, diagnostics
Sheppard Software	Hundreds of free, online, learning games for kids. But anyone interested in online learning can use our site - we have so many subjects - (geography, math, animals, science, language arts, creative activities, health) and lots of levels for all abilities - loads of games and activities for learners of any age.	http://www.sheppardsoftware.com/	Grades K-12+	Even has a section for Adults to learn things
RoomRecess	"RoomRecess.com is dedicated to providing children with free learning games that are fun."	https://www.roomrecess.com/	Grades K-6	Free online games for ELA & Math
Math Blaster	The goal at Math Blaster is clear: "Your success depends on your ability to use your brain and logic skills." With an exciting theme featuring aliens and outer space, Math Blaster lets your students become intergalactic heroes based on their math operation and critical thinking skills. Registration is required, but the game itself is free. Be sure to check out the Teacher Section to find Math Blaster for the Classroom.	http://www.mathblaster.com/	Grades K-8	

Math

Site Name	Brief Description	Link	Grade Levels	Additional Notes/ Helpful Hints
CoolMathGames	Coolmath-Games has exactly what the name implies: fun and unique math learning opportunities for students. One of the most interesting features is an online jigsaw puzzle section that features a variety of photos turned into puzzles. This is especially helpful for developing spatial relations in young learners. They have an extensive preview and review of precalculus and calculus in addition to their elementary and middle school games and reviews.	https://www.coolmathgames.com/	Grades K-8	
Bedtime Math	Help your child practice and strengthen their math skills with fun math activities that can be done without screen time!	http://bedtimemath.org/	Grades K-8	
Starfall	Games and activities for grades PreK-3. The main site is meant for children to access and navigate, but there is also a Parent-Teacher center that has free resources and printables. Currently some of their activities hide behind a paywall, but a home membership for the year is only \$35 if you decide that you want more than what is provided free.	https://www.starfall.com/h/	Grades PK-3	Most things free, membership required for some activities
MathGameTime	Designed for students from pre-K through 7th grade, Math Game Time offers fun, educational games focused on critical math concepts. With options like Integer War, Ratio Martian and Jet Ski Addition, students quickly engage with games that are on-target for their grade and the Common Core Standards.	http://www.mathgametime.com/	Grades PK-7	
Fun Brain	Find math games by topic or by grade at FunBrain. On this math site for kids, students can enjoy playing a variety of games that reinforce key mathematical concepts and engage young learners. Many of these games focus on a fun theme, like sports, animals or unique landscapes. Educational videos are also included, and there's a special "Playground" with games suited to pre-K and kindergarten students.	http://funbrain.com/	Grades PK-8	

Social Studies

Site Name	Brief Description	Link	Grade Levels	Additional Notes/ Helpful Hints
